SUBJECT: Sullivan Creek Project, FERC No.2225  
Application for Surrender of License

Dear Ms. Bose:

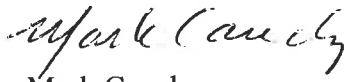

The Public Utility District No.1 of Pend Oreille County (District), Licensee of the Sullivan Creek Project, FERC No. 2225 (Project), hereby electronically files the attached Application for Surrender of the Project's FERC License. The application and appendices describe in detail the District's plans for disposition of the Project facilities and future operations. These plans were made in consultation with the interested resources agencies and other stakeholders, and resulted in a Settlement Agreement for the license surrender and future occupation of National Forest lands by certain of the Project facilities. The Settlement Agreement is being separately filed with the Commission, and a copy of the Settlement Agreement is appended to the surrender application.

The application is available for inspection during business hours at the District's offices at 130 N. Washington St., Newport, WA. Copies of the application in electronic or hardcopy format may be requested and copying charges may apply. The application is also available for inspection at the public libraries in Newport, Ione and Metaline Falls, WA. Copies are also available by email or can be downloaded from the District's website at:

Notice of the availability of the License Surrender Application will be provided to the attached service list and public notice will be published in the Newport Miner.
